

Strategic Partnership Program

Founded in 1953, Community Living Ontario (CLO) is a non-profit, provincial confederation that advocates for people who have an intellectual disability to be fully included in all aspects of community life. CLO is proud to serve and advocate on behalf of more than 80,000 members and over 100 agencies across the province that make up our membership.

For over 67 years, CLO has been advocating for a society where people who have an intellectual disability belong, have equal rights, respect and acceptance, a sense of self-worth and opportunities for growth.

The Community Living Ontario Foundation (the Foundation) was created to develop resources that support CLO's initiatives and expand their capacity. Strategic partners with aligned visions and values are welcomed and recognized as they provide additional opportunities and services to CLO's membership. CLO is committed to working with its members to realize a greater savings for their organizations and the people and families they support, in order to enhance the services and supports they provide. There are several areas for which we are continuing to seek strategic partnerships as the program continues to grow.

There are many ways in which the Foundation commits to promoting the relationship between our strategic partners and CLO's membership:

- Introductory letter from CLO's CEO to Executive Directors of the membership, accompanied by promotional material provided by the strategic partner in an electronic format;
- Announcement of the strategic partnership and promotion on CLO's website (average of 4,000 unique users per month) with an overall digital footprint of over 25,000 per month;
- Regular advertisements in Update Friday, CLO's e-newsletter, and added to CLO's strategic partner digital banner ad;
- Special recognition and one exhibition space at CLO's annual conference (approximately 450 delegates annually);
- Opportunity to present topical educational webinars to CLO's membership;
- Quarterly communication to Executive Directors to promote current and upcoming offers;

- Provide our logo for promotional purposes and website; and
- Semi-annual conference call to review the strategic partnership agreement and discuss any issues, concerns and future opportunities.

While this strategic partnership agreement outlines a number of benefits, it can be further tailored to meet the specific marketing needs of both parties. Strategic partnership agreements cost \$5,000 and are available for renewal on an annual basis. All money raised through strategic partnership agreements provide the Foundation with a greater capacity to carry out CLO's mission of advocating for the full inclusion of people who have an intellectual disability in their community.
